We emphasise the importance of following our designated colour palette throughout our brand book. The colours were deliberately picked to bring out particular feelings and maintain consistency throughout, making them the equivalent of our brand's identity. Thus, please adhere to the colour scheme we've provided, whether you're working on

digital content, printed materials, or products. It's how we ensure that people understand who we are and what we stand for. Choosing the appropriate colours is important for more reasons than just looking good; it also helps us convey the right message and maintain our sense of style.

Our brand logo

The business began in March 2020 when the pandemic hit, and the country was entering its first lockdown. It started with a family PAR-TIME but then they started by selling to their closest friends, and sharing on social media, and everything led to where we are today, with over 1000 orders per year.

Our brand logo

Sabores Inquietos, the bakery's name, embodies the excitement and emotion woven into the baking journey, a delightful experience customers should savor. This symbolizes that a culinary enthusiast, when passionate about what they do, can excel in both cooking and baking.
